Please be sure to indicate the children who are applying for financial aid with “Applying for Aid” as their **School Status**. Here, you’ll also see 2 fields under **Annual Tuition Contributions**. The “Household” field indicates how much your family can afford towards the specific dependent’s tuition expense. Similarly, the “Other” field refers to any source from outside of your household that contributes towards the tuition expense. For example, if the student’s grandparents (or other relative) gifted money towards tuition, or if the dependent received a scholarship or grant from another source, that would be indicated here. After adding each of your household’s dependents, click “Save & Continue to Students on Application.” This brings us to the “Select a School” page. Please be advised that you can apply to as many Blackbaud Financial Aid Schools as needed with just one application!
